Meeting Date: 9/16/08

Santa Clara All-America City 2001

AGENDA REPORT

City of Santa Clara, California

Agenda Item # 10C

DATE: August 11, 2008

TO: City Manager for Council Action

FROM: Director of Streets & Automotive Services

SUBJECT: Approve an Agreement for the 2008 Street Surface Reseal Project to the Lowest Responsive and Responsible Bidder, Valley Slurry Seal Co. for an Amount not to Exceed $605,027.11

EXECUTIVE SUMMARY:

On August 6, 2008, proposals were opened for the subject project. Three (3) proposals were received, ranging from $605,027 to $714,263 (see attached Proposal Summary). The low proposal is 6.4% above the Engineer's Estimate of $568,573. The primary reason for the difference is the volatility of oil prices.

In the recent Capital Improvement Program review, this project was classified as essential, since it maintains the existing level of service. A copy of the agreement has been placed in Council Offices for review.

ADVANTAGES AND DISADVANTAGES OF ISSUE:

Approval of this agreement would provide street surface resealing and thermoplastic striping/marking of approximately 12.5 miles of City streets. Street surface resealing (slurry) is the required maintenance that will extend the useful life of asphalt concrete streets. Maintaining a sound and quality roadway system is vital to the City's economy and is an essential convenience to the public.

ECONOMIC/FISCAL IMPACT:

The base proposal amount is $605,027.11. Funding for this project is available in Street Surface Reseal Program (522-2911-80300-1461), Street Surface Reseal Program (522-2911-80300-1463), Miscellaneous Street Rehabilitation 06/07 – 10/11 (522-2911-80300-1458) and 2008-09 Street Resurfacing Program (521-2911-80300-3420). No general fund monies are impacted. The area of work for this project is existing, so there will be no additional operational costs associated with this project.

RECOMMENDATION:

That the Council:

1) Approve and authorize the City Manager to execute an agreement for the 2008 Street Surface Reseal Project to the lowest responsive and responsible bidder, Valley Slurry Seal Co. for an amount not to exceed $605,027.11

Certified as to Availability of Funds
